Investment Objective

The investment objective of the Scheme is to provide capital appreciation and generate income through a dynamic mix of equity, debt and money market instruments. However, there can be no assurance that the investment objective of the Scheme will be achieved.

Fund Features

Optimal asset allocation at regular intervals.
Aims to capture the optimum mix between Equity and Debt across market cycles.
With flexibility to invest upto 100% in equity & debt, the Scheme may be suitable for volatile market conditions.
Endeavours to provide tax efficiency*

*Though the scheme is a dynamic asset allocation scheme, the endeavour will be to invest a minimum of 65% of its net assets in equity and equity related instruments which may help in attracting equity taxation as per prevailing tax laws.
