

Mahindra Manulife Liquid Fund

(An open ended liquid scheme. A relatively low interest rate risk and moderate credit risk.)

Investment Objective

The Scheme seeks to deliver reasonable market related returns with lower risk and higher liquidity through a portfolio of money market and debt instruments. However, there is no assurance that the investment objective of the Scheme will be realized and the Scheme does not assure or guarantee any returns.

Fund Features

Low volatility: Relatively safer during times of high market volatility as liquid funds usually invest in Commercial Papers, Certificate of Deposits, CBLO/ Repos and in short term debt instruments with maturity profile of not more than 91 days.

Easy liquidity: Investors can invest in liquid funds even for a day.

Cash Management Tool for treasuries of any size: Optimal utilization of idle cash for cash management purposes.
