At the cusp of  
**growth**

Invest in companies that are small today,  
potentially big tomorrow.

March 31, 2026

### Why Small Cap Now?

- Potential growth tailwinds in Indian Economy.
- Opportunity to capitalize on Indian Entrepreneurship.
- Opportunity to capture market / economic cycles.
- Potential to create wealth and generate alpha over long-term.
- Small caps are generally under-researched and under-owned and hence provides an opportunity for stock-picking at reasonable valuations.
- Small Caps could be beneficiaries of structural reforms announced from time to time.
- Small caps also provide exposure to companies which are potential market leaders in the industries they operate in (a few examples include textile, paper, sugar, luggage) and have potential to become midcaps of tomorrow as they achieve scale.
